

## Introducing Crowdfund Hertfordshire

### A powerful new way to raise money

## Crowdfund Hertfordshire Community Innovation Fund

We know that fundraising and the ability to diversify income is extremely relevant at the moment which is why we are delighted to let you know about a new crowdfunding platform, established by Hertfordshire County Council. The new platform provides applicants with access to local funding, including the Hertfordshire County Council Community Innovation Fund (previously called the Community Grants programme).

Hosted on the well-known platform Crowdfunder, organisations are able to add their projects onto the webpage and use social media and their networks to build support and enthusiasm for their ideas, amassing pledges from the community, public and private organisations to achieve their funding target.

HCF is managing the platform and we will use our local knowledge and expertise to ensure that the impact of local funds, including the Innovation Fund, are maximised.

### Find out more about Crowdfunding:

#### Join our webinar:

**Thursday 18 June, 12.00 - 1.00pm:** The Crowdfunder team will be running a 30 minute introductory session suitable for anyone who wants to find out more about this method of fundraising and how to run a successful crowdfunding project.
