

# Action learning groups

As part of the HCF Training & Development programme of support for good governance, alongside our Better Boards trustee training programme, we would like to offer Hertfordshire CEO's and Chairs the opportunity to join one of our tailored action learning groups.

At this time of uncertainty, the burden for CEO's and Chairs can be challenging. Many charities will be adversely affected by the pandemic and good governance will be crucial in responding to the crisis. During these uncertain times, strong leadership will be vital in ensuring sustainability for local organisations.

Action learning is a way to tackle organisational issues in real time, in a safe & confidential learning environment amongst peers.

Places on the programme will be available to voluntary sector organisations operating within Hertfordshire, providing Adult Care Services. Enquiries to [louise.marron@hertscf.org.uk](mailto:louise.marron@hertscf.org.uk)

Action learning can have a transformational effect at an individual and organisational level.

We will be running four separate action learning groups, two for CEO's and two for Chairs.

Each group will meet once a month, online via zoom between March - July 2021

Groups will be facilitated by one of our experienced Better Boards trainers.

Deadline for Applications: 28 February 2021
