## Tell us about you and the work you do

HCF is undertaking a new workforce survey to help us all better understand who works in the sector and how workforces have evolved in response to Covid. We are inviting volunteers and paid staff who work in the sector to complete one of two surveys. One is for individuals to complete and the other is to capture details of the overall organisations (to be completed by the CEO or a senior member of staff). We would be extremely grateful if you could please share this as widely as possible to ensure we capture representative feedback which we will share with everyone who takes part. Thank you.
